# LOGO DESIGN INSPIRATION

The **Sumar Gulf** logo is a blend of elements that reflect our commitment to progress, heritage, and our regional identity. The logo is composed of three primary components:

- 1 The Sun:** Positioned prominently, the sun symbolizes the dawn of a new era, reflecting the company's commitment to progress, innovation, and continuous growth. It represents the bright future we strive to create through our exceptional contracting services.
- 2 Sumerian Temple Design:** At the core of the logo is a design inspired by ancient Sumerian architecture, specifically a Sumerian temple. This element pays homage to the rich heritage and enduring legacy of the Sumerian civilization, underscoring our deep respect for history and tradition. It signifies the strength, stability, and timeless quality that we bring to our construction and contracting projects.
- 3 Wavy Blue Shape:** The blue, wave-like design at the base of the logo symbolizes the Gulf, connecting our identity to the region we proudly serve. It reflects the fluidity and adaptability of our services, as well as our commitment to meeting the diverse needs of our clients in the dynamic environment of the Gulf region.

Together, these elements create a cohesive and meaningful representation of **Sumar Gulf**, embodying our dedication to excellence, our historical roots, and our regional pride.

## ABOUT US

**Sumar Gulf**, established in 2019, is a premier company in general contracting and supply services. We have rapidly grown to become a trusted partner in the industry, committed to delivering exceptional quality and exceeding client expectations across various fields.

We specialize in Industrial Catering, providing top-tier food services that ensure the well-being of workers. Our Maintenance services keep facilities and equipment operating efficiently. In Construction, we bring expertise to every project, ensuring timely and budget-friendly completion.

Our Electrical Services cover a wide array of needs, from installation to comprehensive system management. We excel in Logistics, providing seamless solutions that streamline supply chains. Our Supply services guarantee access to high-quality materials tailored to client needs.

At **Sumar Gulf**, we provide and commission both temporary and permanent accommodations for labor camps and corporate entities, including those in the Oil & Gas sector. Our reputation for delivering reliable solutions meets the unique demands of this industry.

We prioritize client satisfaction and ensure our services meet the highest standards of quality and efficiency. Our mission is to consistently deliver excellence, putting our clients' needs at the forefront of everything we do.

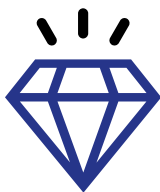

## MISSION

Our mission is to deliver high-quality, efficient, and sustainable solutions in construction, electrical, and mechanical services. We are dedicated to meeting the needs of our clients through a commitment to excellence, innovation, and continuous improvement. We aim to build lasting relationships based on trust and mutual respect, ensuring the success of our clients' projects and contributing to the development and prosperity of the communities in which we operate.

## VISION

Our vision at Sumar Gulf is to be the leading provider of construction, electrical, and mechanical services in the region. We aim to set new standards of excellence in every project we undertake, building a legacy of quality, reliability, and innovation. We envision a future where our contributions significantly enhance the infrastructure and industrial capabilities of the communities we serve.

## VALUES

At Sumar Gulf, our values are the foundation of everything we do. We are committed to:

**Integrity:** We conduct our business with the highest level of honesty and transparency, ensuring that our actions reflect our words.

**Excellence:** We strive for excellence in all our services, continually improving and adopting the best practices and technologies to deliver superior results.

**Safety:** We prioritize the safety of our employees, clients, and the communities we serve by adhering to stringent safety standards and practices.

**Sustainability:** We are dedicated to sustainable practices, minimizing our environmental impact, and contributing positively to the communities we operate in.

**Innovation:** We embrace innovation and creativity, seeking out new solutions and technologies to enhance our services and deliver greater value to our clients.

# Services

## FIRST

## General Contracting

### 1 - Construction Sector

**Sumar Gulf** excels in providing comprehensive construction services. We have extensive experience in the construction field and utilize the latest technologies and equipment to ensure quality and efficiency.

Sumar Gulf offers specialized services in the construction of roads and bridges, focusing on using the best materials and modern techniques to ensure durability and safety. Our expertise extends to planning, designing, and executing infrastructure projects, ensuring timely completion according to international standards.

### B

#### Building Facilities and Service Buildings

We at **Sumar Gulf** specialize in constructing hospitals, government facilities, and residential buildings.

We are committed to delivering high-quality facilities that enhance the lives of individuals and communities, designed and built to the highest standards of safety, quality, and efficiency. We ensure the use of advanced construction techniques and sustainable materials to achieve environmental balance and reduce our ecological footprint. Additionally, we adhere to green building standards to promote sustainability and resource efficiency. Our facilities contribute to community development and improve public life by creating job opportunities and boosting the local economy. At Sumar Gulf, we strive to exceed our clients' expectations, delivering projects that foster sustainable development and positive change in the communities we serve.

### C

#### Camp Construction Services

Sumar Gulf specializes in building camps tailored for the industrial and oil sectors.

Our comprehensive services include providing essential camp amenities such as comfortable accommodation, well-maintained sanitation facilities, fully equipped kitchens, and other necessary facilities. We prioritize the comfort, safety, and well-being of workers, ensuring that our camps are built to the highest standards. Each camp is designed to create a conducive environment that promotes productivity and supports the needs of workers in remote and challenging environments. Our commitment to quality ensures that all aspects of camp construction, from initial planning to final execution, meet the rigorous standards required by our clients in the industrial and oil sectors.

### Construction Maintenance

Our comprehensive services include providing essential camp amenities such as comfortable accommodation, well-maintained sanitation facilities, fully equipped kitchens, and other necessary facilities. Each camp is designed to create a conducive environment that promotes productivity and supports the needs of workers in remote and challenging environments. Our commitment to quality ensures that all aspects of camp construction, from initial planning to final execution, meet the rigorous standards required by our clients in the industrial and oil sectors.

#### A

##### Building and Facility Maintenance

We provide ongoing maintenance for residential, commercial, and industrial buildings, ensuring they remain in optimal condition. This includes structural repairs, surface restoration, and damage repair caused by environmental factors.

#### B

##### Painting and Coating Works

Our team offers painting and coating services to protect and enhance the appearance of buildings. We use high-quality paints and coatings that are durable and resistant to weathering.

#### C

##### Welding Works

We provide welding services for structural repairs and modifications, ensuring the integrity and safety of buildings. This includes repairs to metal components and reinforcements to support structural stability.

#### D

##### Emergency Maintenance

We are equipped to handle emergency maintenance situations, responding promptly to address any issues that may compromise the safety or functionality of buildings.

## 2 Electrical S e c t o r

**Sumar Gulf** offers a comprehensive range of electrical services designed to meet the needs of both residential and industrial buildings. We specialize in the design and installation of integrated electrical systems that combine high efficiency with strict safety standards.

### Solar Power Systems:

We offer integrated solar power solutions, including designing and installing solar power systems for buildings and facilities. We strive to provide clean and sustainable energy solutions that help reduce energy costs and protect the environment.

### Electrical Systems Installation:

**Sumar Gulf** specializes in designing and installing electrical systems for residential and industrial buildings. Our services include installing internal and external electrical systems, focusing on efficiency and safety.

### Electrical Transformers and Power Stations:

We have extensive experience in installing and maintaining electrical transformers and power stations, ensuring stable and reliable electrical power supply. We use the latest technologies to ensure the efficiency and safety of electrical systems.

# Electrical Maintenance

## A - Electrical Systems Maintenance and Repair

We provide comprehensive maintenance services for electrical systems, including checking the safety of wires and electrical equipment, and repairing or replacing damaged components. Our goal is to ensure the efficient and safe operation of systems.

## B - Emergency Electrical Support:

We offer emergency support services in case of electrical failures. Our specialized team is available 7/24 to handle any emergency and ensure the quick restoration of systems.

# 3 - Mechanical Sector

## A - Design, Import, and Installation of Mechanical Systems:

We providing high-quality design, import, and installation services for mechanical systems. We have a specialized team of engineers, technicians, craftsmen, and administrators capable of executing projects efficiently and accurately.

## B - Firefighting, Monitoring, and Alarm Systems:

We offer services for installing advanced firefighting systems, as well as monitoring and alarm systems to ensure the safety of facilities and workers. Our services include designing and installing systems, ensuring compliance with international safety standards.

## C - H2S Gas Systems for Oil Fields:

We provide comprehensive solutions for gas systems in oil fields, including designing and installing H2S systems. We use the latest technologies to ensure the safety and efficiency of these systems in sensitive industrial environments.

# 4 HR Recruitment and Manpower providing

## A Permanent Hires and Consultancy

**Permanent Hires:** We specialize in sourcing and recruiting top talent for permanent positions within the oil and gas industry. Our team of experienced recruiters works closely with clients to understand their specific needs and culture, enabling us to identify and attract candidates who are the best fit for the roles.

We employ a rigorous selection process that includes comprehensive interviews, reference checks, and skill assessments to ensure that candidates meet the required qualifications and possess the necessary experience and skills.

**Consultancy Services:** In addition to recruitment, we offer consultancy services to assist clients in optimizing their manpower strategies and talent acquisition processes. This may include advising on recruitment best practices, developing job descriptions, designing compensation packages, and implementing diversity and inclusion initiatives.

## B Executive Search for Employees

**Executive Search:** Our executive search service focuses on identifying and recruiting high-level executives and specialized professionals to fill key leadership roles within oilfield operations and management. We utilize our extensive network and industry expertise to identify candidates with the right combination of experience, skills, and leadership qualities to drive success in senior positions.

Our executive search process involves targeted research, direct outreach to passive candidates, and thorough assessment to ensure that we present clients with the most qualified candidates for their leadership needs.

**C**  
**Salary Surveys**

**Comprehensive Salary Surveys:** We conduct comprehensive salary surveys to provide valuable insights into industry compensation trends. These surveys include data on salary ranges, benefits, bonuses, and other compensation-related information specific to the oil and gas sector.

Our surveys enable clients to benchmark their compensation packages against industry standards, helping them make informed decisions regarding employee salaries and benefits packages. This ensures that our clients remain competitive in attracting and retaining top talent.

**E**  
**Relocation Services**

**Comprehensive Relocation Support:** We offer comprehensive relocation services to support employees who are relocating for work purposes. Our services include assistance with housing, transportation, and settling into their new environment.

We work closely with employees to understand their needs and preferences, coordinating all aspects of the relocation process to ensure a smooth and stress-free transition. Whether it's finding temporary accommodation, arranging moving logistics, or providing cultural orientation, we strive to make the relocation experience as seamless as possible for employees and their families.

**C**  
**Payroll Solutions**

**Streamlined Payroll Process:** Our payroll solutions streamline the payroll process for our clients, ensuring accurate and timely payment of wages and compliance with all relevant regulations and tax requirements. We handle all aspects of payroll administration, including calculating wages, processing payments, and managing tax withholding and reporting.

**F**  
**Immigration Services**

**Efficient Immigration Processes:** Our immigration services assist clients and their employees with navigating the complexities of immigration procedures and requirements, ensuring smooth and efficient immigration processes for international assignments.

# 4 Catering

## Preparing and Providing Food

**Highest Food Safety Standards:** Our catering services adhere to the highest food safety standards in every aspect of our operations. From purchasing ingredients to food preparation and serving, we follow strict procedures to ensure the safety and quality of the meals we provide.

**Stringent Food Safety Procedures:** We implement stringent food safety procedures to prevent contamination or spoilage. This includes proper handling, storage, and cooking of food items, as well as regular monitoring of temperatures to ensure food safety standards are maintained at all times.

**Well-Trained Teams:** Our culinary teams are well-trained and experienced in food safety practices. They are committed to maintaining the highest standards of cleanliness and hygiene in the kitchen and dining areas. This ensures that our clients receive safe, delicious, and nutritious meals that meet their dietary requirements and preferences.

The background of the slide is a faded image of a port or industrial yard. A large red container truck is parked in the foreground, facing right. In the background, a yellow crane is visible, and several shipping containers are stacked. The sky is a pale blue with some light clouds.

# Second

## General Transportation

**Sumar Gulf** offers comprehensive general transportation services that effectively and efficiently meet the needs of various industrial and commercial sectors. We understand the importance of safe and reliable transportation for both equipment and personnel, and we adhere to the highest standards of safety and compliance with local and international regulations to ensure the best possible services.

With our extensive experience, we provide innovative transportation solutions that include the swift and secure transport of a wide range of heavy and specialized equipment. We ensure that all equipment reaches its destination safely and on time, maintaining safety standards throughout the journey.

In addition, we prioritize the safety and comfort of employees, including engineers, technicians, and other professionals. Whether for local commuting or intercity travel, our transportation services are designed to facilitate the smooth movement of personnel, ensuring their comfort and punctuality, allowing them to focus fully on their tasks upon arrival.

Our transportation solutions rely on a modern fleet of specialized vehicles and equipment, including heavy-duty trucks and trailers for large cargo, as well as cranes and lifting equipment to facilitate precise and safe loading and unloading operations. We are committed to providing reliable and efficient transportation services, enhancing the efficiency and productivity of our clients' projects across various sectors.

## # Services / General Transportation

### **A** Equipment Transportation

We specialize in the safe and timely transport of a wide range of equipment across various industrial and commercial sectors. This includes machinery, drilling rigs, extraction tools, safety equipment, and any other specialized equipment vital for operations. Our transportation services ensure all equipment reaches its destination safely, adhering to the highest safety standards throughout the journey.

### **C** Mechanical Transport

We operate a wide range of specialized machinery for transporting equipment, rigs, and other heavy materials across various sectors. Our fleet includes heavy-duty trucks and dedicated trailers for large cargo. We also have cranes and other lifting equipment to facilitate loading and unloading operations with precision and safety.

### **B** Manpower & Staff ransportation

In addition to equipment, we provide safe and reliable transportation services for team members, including engineers, technicians, and other professionals. Whether it's local commuting or intercity travel, our services are designed to facilitate the smooth movement of skilled personnel. Ensuring the comfort and regularity of workers during transit is our priority, allowing them to fully focus on their tasks upon arrival.

### **D - Customized Solutions**

Our transportation services are tailored to meet the unique needs of each project across multiple industrial and commercial sectors. We understand that different operations require specific equipment configurations and staffing. Therefore, we offer customized solutions to ensure the appropriate equipment and personnel are efficiently transported to designated sites. Our expertise lies in optimizing transportation routes, reducing transit times, and enhancing overall operational efficiency.

### **E - Compliance and Safety**

Our transportation services are tailored to meet the unique needs of each project across multiple industrial and commercial sectors. We understand that different operations require specific equipment configurations and staffing. Therefore, we offer customized solutions to ensure the appropriate equipment and personnel are efficiently transported to designated sites. Our expertise lies in optimizing transportation routes, reducing transit times, and enhancing overall operational efficiency.

# Third Logistics Services

**Sumar Gulf** excels in providing logistic services tailored to meet the urgent and large-scale needs of various industries. Our ability to supply substantial quantities of equipment on short notice, whether from our extensive inventory or through on-demand procurement, sets us apart in the industry.

### A - Rapid Deployment and Support:

We understand the critical nature of timely equipment mobilization and commissioning in field operations. Our team of engineers can be deployed within 24 hours to ensure that specialized equipment is quickly operational. This includes on-site support and backup services, ensuring seamless integration and functionality of the equipment in the field.

### B - Unique Rental Proposition:

We offer a unique rental proposition as an attractive alternative to purchasing equipment. Our strong inventory, coupled with a highly qualified professional team, allows us to serve a wide range of industry verticals including construction, civil engineering, mechanical, electrical, and instrumentation engineering. This flexibility provides our clients with the necessary tools and support without the financial burden of ownership.

### B - Comprehensive Solutions:

With our vast experience and capabilities, we provide clients with integrated equipment and service solutions. Our team possesses the skills and resources necessary to meet complex logistical challenges, ensuring that all aspects of equipment supply and support are handled efficiently and effectively.

### A - Industry Leadership:

Our pioneering spirit and extensive experience lay a strong foundation for our continued leadership in the industry. We play a pivotal role in building vital infrastructure across the oil & gas, road building, and general construction sectors. By promoting and providing essential services and development, we support both current and future customers in achieving their project goals.

# Comprehensive Safety and Compliance Guidelines

## 1 - Adherence to Safety Protocols:

Sumar Gulf will ensure that all personnel strictly follow the Safety Rules and Loss Prevention Procedures as outlined in the company's handbook and safety guidelines, issued to Safety Officers and Site Supervisors by the Sumar Gulf Safety Department.

## 2 - Personnel Safety Responsibility:

Sumar Gulf is responsible for the safety of its personnel at the job site, ensuring that all appropriate safety equipment is worn at all times.

## 3 - Clearance Documentation:

Sumar Gulf is responsible for obtaining, at its own expense, all necessary clearance documents. This includes, but is not limited to, personnel ID cards, vehicle clearance documents, gate passes, and work permits.

## 4 - Job Site Verification:

Before submitting a bid or starting a job, Sumar Gulf will visit the job site to verify all information regarding site conditions, accessibility, adjoining structures, and the dimensional accuracy of all drawings.

## 5 - On-Site Supervision:

Sumar Gulf will designate and identify a supervisory person who will be on-site at all times and authorized to receive a Contractor Work Permit.

## 6 - Work Area Cleanliness:

Sumar Gulf is responsible for maintaining a clean work area. All trash, rags, paper, and other discarded materials must be collected and placed in designated containers for removal.

## 7 - Waste Disposal:

All solid and liquid waste must be disposed of in the appropriate disposal locations designated by the main contractor.

## 8 - Daily Personnel Reporting:

Sumar Gulf must report to the respective area managers and engineers at the maintenance building, providing a daily manpower list of personnel working at the project site. This list must accurately reflect the names and badge numbers of personnel working on the specific day.

## 9 - Food Inspection:

Hot food will not be allowed into the project site due to difficulties in inspecting contents. All food containers and their contents must be inspected.

## 10 - Site Conduct:

Sumar Gulf personnel are not permitted to leave their designated job site without reason, wander around the project area, or sleep within the project site.
